Possible Questions

For Business Representatives:
- What is a typical workday like? What do you like best/least?
- What helps a person to be successful in your occupation?
- What type of education/training is necessary for this job?
- In what ways do you use subjects like math, reading, writing, business, technology, or science in your daily work?
- What type of starting position and salary could someone expect?
- What part-time jobs, internships, or extra activities would best prepare someone for this occupation?

For CTE Programs/Teachers:
- Can you tell me about the CTE program? How many years does it take to complete the program?
- What college pathways will this program lead to?
- What types of skills will I learn in this program?
- Are there any certifications I can earn in this program?
- Which student organizations are connected to this program, and what benefits will I gain from being involved?
